Choice of Providers	Any licensed provider. No referrals needed. If you choose a non-participating provider, you are responsible for paying billed amounts that exceed Anthem’s eligible charges. (Eligible charges are determined by Anthem allowances, which are based on reasonable and customary rates for the geographic area where services are provided.) Participating providers agree to charge no more than Anthem’s negotiated rates

<sup>1</sup>If you choose a non-participating provider, **you are responsible for paying billed amounts that exceed Anthem's eligible charges.** (Eligible charges are determined by Anthem allowances, which are based on reasonable and customary rates for the geographic area where services are provided.) **Participating providers agree to charge no more than Anthem's negotiated rates, which are less than Anthem's eligible charges.**

<sup>2</sup>Preauthorization is required for some drugs. For details, check with your pharmacy, call Anthem Pharmacy Services at (833) 261-2460, or visit [www.anthem.com/ca/caltech](http://www.anthem.com/ca/caltech) (select Pharmacy, then Prior Authorization Listing). Certain non-preferred drugs are not covered unless your physician indicates Dispense as Written (DAW) or Do Not Substitute (DNS) on the prescription. For details, visit [www.anthem.com/ca/caltech](http://www.anthem.com/ca/caltech) (select Pharmacy, then Preferred Drug Program).

<sup>3</sup>If you request a brand-name drug when a generic equivalent is available, you'll pay the generic drug copay plus the difference between the price of the generic drug and the price of the brand-name drug. The price is defined as Anthem's allowed amount. If your doctor indicates Dispense as Written (DAW) on your prescription, you pay only the brand copay.

<sup>4</sup>PreventiveRx drugs are prescription drugs commonly used to prevent illness and other health conditions. Some are maintenance drugs used to treat conditions that are considered chronic and long-term and which require regular, daily use of medicines. Examples include drugs used to treat high blood pressure, heart disease, and asthma. Some antibiotics are also on the PreventiveRx list. You can find the PreventiveRx list on the MyBenefits website and at [www.anthem.com/ca/caltech](http://www.anthem.com/ca/caltech).

<sup>5</sup>Preventive care coverage includes preventive services rated A or B by the U.S. Preventive Services Task Force, based on federal regulations and age and frequency guidelines. Coverage also includes certain over-the-counter prescription drugs when prescribed by your doctor and obtained at a pharmacy counter.

<sup>6</sup>Certain services for inpatient and surgical care have different coinsurance responsibilities available to you when those services are performed at Blue Distinction Centers. Please refer to your Anthem Evidence of Coverage booklet for the details around those services.
